Employee Handbook — RAG Test Document

This fictional handbook is designed for testing document ingestion, embeddings, vector search, retrieval, and question answering in a RAG application.

1. Working Hours

Standard working hours are Sunday through Thursday, from 9:00 AM to 5:00 PM. Employees should complete 40 working hours per week. Flexible start times between 8:00 AM and 10:00 AM may be approved by the employee's manager.

2. Annual Leave

Full-time employees receive 25 paid working days of annual leave per calendar year. Annual leave requests should normally be submitted at least 10 calendar days before the intended leave date. Approval depends on team coverage and business needs. Up to 5 unused annual leave days may be carried into the next calendar year.

3. Sick Leave

Employees who are unable to work because of illness should notify their manager as soon as reasonably possible. A medical certificate may be requested for absences of three consecutive working days or more. Sick leave is recorded separately from annual leave.

4. Remote Work

Eligible employees may work remotely for up to two days per week with manager approval. Employees working remotely must remain reachable during core collaboration hours from 10:00 AM to 3:00 PM. Confidential company information must not be accessed using public or unsecured Wi-Fi networks.

5. Information Security

Employees must use multi-factor authentication on supported company systems. Passwords must not be shared with coworkers or external parties. Suspected phishing messages, lost devices, and unauthorized access must be reported to the security team immediately.

6. Expenses and Travel

Business expenses must have a legitimate work purpose and should be supported by receipts. Expenses above 1,000 SAR require manager approval before purchase when practical. Travel bookings should use approved company channels. Reimbursement requests should be submitted within 30 days of the expense.

7. Learning and Development

Employees may receive up to 4,000 SAR per year for approved professional development, including technical courses, certifications, conferences, and books. Employees should obtain manager approval before making a purchase that they expect the company to reimburse.

8. Equipment

Company laptops and other equipment remain company property. Employees are responsible for taking reasonable care of assigned equipment. Lost or damaged equipment should be reported promptly to IT. Company equipment must be returned when employment ends.

9. Code of Conduct

Employees are expected to communicate professionally, protect confidential information, avoid conflicts of interest, and treat colleagues and customers respectfully. Serious violations may result in disciplinary action.

10. Example Questions for RAG Testing

Try asking: How many annual leave days do employees receive? How many remote-work days are allowed each week? What is the professional development budget? When do expenses need to be submitted? What should an employee do after receiving a suspicious phishing message?
